RETIREMENT HOME

Parco di Veio

Roma | RM

Anni Azzurri

Despite being just a few minutes from the centre of Rome, Anni Azzurri Parco di Veio Retirement Home feels like it is in the countryside, far from the sound of traffic and smog.

The **Anni Azzurri Parco di Veio Retirement Home** is in Veio Park (Giustiniana, Northern Rome), in a peaceful, green location. This home stands out for its excellent hotel facilities teamed with optimum quality medical assistance, nursing and physiotherapy services. The home is also equipped to enable remote patient monitoring and provides protective assistance.

The Retirement Home has a garden and common areas, all spacious and pleasant for socialising and entertainment. There is also a room for occupational activities and individual hobbies, a room fitted with multimedia systems for watching films and a large gym for physio-kinetic therapy, with all the equipment needed for geriatric rehabilitation.

Guests

The Anni Azzurri Parco di Veio Retirement Home welcomes elderly persons experiencing severely decreased autonomy due to chronic degenerative pathologies, those with psychogeriatric pathologies (such as senile dementia) with important cognitive problems and/or behaviour, those not requiring hospitalisation but at risk of a relapse and requiring monitoring of their clinical conditions and vital signs. The home also provides assistance for adults with physical, mental and sensory impairments and who are therefore not self-sufficient.

Services

At the Anni Azzurri Parco di Veio Retirement Home, each guest is followed by a multi-professional team based on an Individual Assistance Plan (IAP) drawn up with family members, which can be adapted to any changes that may occur.

In addition to medical assistance and 24-hour nursing, the Anni Azzurri Parco di Veio Retirement Home provides various kinds of health services, including: post-hospitalisation care, long-term care, physiotherapy and psychological assistance.
